

First Aid Policy

INTRODUCTION

At Little Nest Nursery we make every effort to ensure that all children are safeguarded and well cared for. The children are the centre of our focus in all decision-making and arrangements. The nursery sees adequate First Aid provision as vital in the daily process of caring for the children.

Paediatric first aid trained staff can take action to supply first aid treatment in the event of an accident involving a child or adult.

FIRST AIDERS

Staff attend Paediatric first aid training every 3 years by an Ofsted approved training company. We also have “A training company that do our staff refresher inhouse training to ensure staff are up to date.

The first aid box is clearly visible in each room of the nursery and checked and restocked regularly.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments
1.3 Keeping safe 1.4 Health & well-being	2.2 Parents as partners 2.4 Key person	3.2 Supporting every child 3.4 The wider context

Written & reviewed every 6months.

RECORD KEEPING

Records of illnesses, accident, and injuries, along with any first aid treatment, non prescription/prescription medication or treatment given to a child, are kept, and filed on our online portal{eylog}. Parents are notified immediately if a child has an accident including a

head injury or becomes unwell.

If an injury is classed as “non-serious” e.g fell over in garden and scratched knees, the parents will be notified when they collect their children at the end of the session and will be given an accident form on handover describing the accident and the action/first aid given, in the case of a minor head injury a phone call will be made to the parent as soon as possible were convenient after the child has received first aid.
